

Bulletin No. 3

Why Not Face the Facts About Armor Competition?

To the People:

The policy of the United States Government for many years has made real competition in armor-making ineffective.

The Government might have asked the three armor plants for bids and let the entire tonnage to the lowest bidder. That would have made competition effective.

The result of such a course would have been to drive two of the three manufacturers out of business, and leave the country with facilities of only one plant in time of need.

The Government in fact has always asked for bids from the three manufacturers, but no matter what the price quoted, each year's business was divided among them.

Armor makers serve but one customer—the Government, just as a public utility serves but one customer—a community.

The solution of the public utility problem is regulation of rates.

The solution of the armor problem is for the Government to fix the price.

We voluntarily agree to accept any price fixed by the Federal Trade Commission. Isn't acceptance of that offer better than the destruction of an industry built solely to serve the Government?

Heard About Town

R. A. Goode, of Lexington, formerly of this city, figured in a bee swarming episode in Lexington last week according to the Lexington Leader, which said: A swarm of bees which spent the night in a maple tree at the southeast corner of Third and Walnut streets attracted attention from the whole neighborhood. R. A. Goode telephoned beekeepers in the vicinity of Lexington hoping that he could warn the owner of the fugitives, but none was conscious of a loss. The bees settled at sundown and resumed their flight at daylight. There is an old saying among beemen, "A swarm in May is worth a stack of hay; a swarm in June worth a silver spoon; a swarm in July not worth a lie," so the value of this particular swarm was about ten dollars, could it have been gummed. Mr. Good said that it was a characteristic of bees which swarm for the first time to settle before going into a hive or tree home. The second time they swarm, however, they mode no stop and all creation can not stop them.

When J. C. Miller, owner of 101 Ranch Wild West Show, and formerly of this county, decides to invest in motor cars he shows no more emotion in the matter than in buying or selling longhorns on his Oklahoma ranch. Miller appeared at a big factory, several blocks away from where his tented city lay encamped, again consulting his pocket book and produced a \$1,000 bill and some odd hundred dollar bills and walked away with a new machine. First to test out the riding qualities of the car were Col. W. H. Cady, better known as "Buffalo Bill," who travels with the show, and Chief Wa-na-Saga, who is considerably over a hundred years of age. Chief Wa-na-Saga's countenance is perhaps the best known of any Indian in America. Before the new "Buffalo" nickel issued by Uncle Sam was sent out from the mints, the Chief posed for the Indian likeness which decorates the obverse side of the coin. He is thus solidly commemorated in our currency for the generations to come.—Ex.

Mt. Moriah

A good-sized crowd assembled at the Mt. Moriah cemetery Sunday afternoon to pay their last tribute of respect to the dead when the body of Mr. Tom Hall's daughter was lowered into the tomb to await the great Resurrection Morn.

Mr. and Mrs. J. D. Bastin, Mr. and Mrs. J. W. Bastin and Mr. Henley Napier motored to Lancaster one day last week to see friends and relatives. All had a fine time. Mr. and Mrs. J. W. Bastin have returned to Central City.

There will be a nice cream supper at J. M. Hiatt's Saturday night, June 10th. Everybody is invited. Come and bring your best girl. The old folks and children are also invited the same as the young people. We promise you good cream and cake.

Mrs. T. D. Bastin and Mrs. Carrie Epperson have been on the sick list but are better at this writing, we are glad to say. Mr. John Spiers has also been indisposed.

Mrs. Joe Gerkey was a pleasant visitor of Mrs. James Reid last Friday.

Misses Ada and Ida Floyd and Mr. Will Watts, of Saufley, were pleasant callers on Misses Mary Anna and Alline Boone Sunday afternoon.

Mrs. James McGuffey visited her mother, Mrs. Watts of Saufley Sunday.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

PRINCE ALBERT
the national joy smoke

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read:—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tins; humidor and in that clever crystal glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!

VISITOR 108 YEARS OLD.

(Pineville Citizen)

An interesting visitor in Pineville was Uncle John Shell, of Leslie county, who was passing thru on his way to London to attend Federal court. Mr. Shell was born in 1808 and is 108 and moved from the Hiawatha river in Tennessee to what was called the New Purchase when he was twelve years old. He distinctly remembers many incidents of that time and says he lived across the river from a friendly tribe of Indians and traded old clothes with them for baskets and other articles, and says he remembers the women carrying their children in sacks swung around their necks and they always went in droves, the women leading the way. Mr. Shell came thru Harlan on his way to Kentucky ninety-eight years ago and says there were only three small houses in the settlement. He reared eleven children, the youngest dying four years ago at the age of fifty. His wife was his own age and lived to be one hundred and six dying two years ago. Mr. Shell is hard of hearing, but walks without a cane and goes where he pleases unattended. He rode horseback twelve miles thru the mountains from his home in Leslie to Harlan, where he boarded the train for London to attend court.
